

# Boost your protection against COVID-19!

COVID-19 booster doses are the best way to maintain protection against severe illness from COVID-19. **The updated boosters offer better protection against newer Omicron subvariants.**

## Who?

Everyone ages **5 years and older** are eligible for a updated booster.

- **Pfizer** updated booster available for everyone **ages 5+**
- **Moderna** updated booster available for everyone **ages 6+**

## When?

**2 months** after primary series or last booster dose

## Where?

Available through healthcare providers, clinics, and pharmacies. Visit [santacruzhealth.org/coronavirusvaccine](https://santacruzhealth.org/coronavirusvaccine), [MyTurn.ca.gov](https://MyTurn.ca.gov), or call **833-422-4255** for scheduling.

### Don't delay! Boost your immunity today!

- You are eligible for an updated booster regardless of the number of booster doses you already received
- Your booster may be the same or a different vaccine brand as your primary series or previous booster

Don't forget your flu vaccine!  
You can safely get the flu vaccine at the same time as your COVID-19 booster.

Eligible for the Monkeypox (MPX) vaccine?
